

PRESENTATION

The Ordino launches a competition open to artists who wish to participate in ORDINO JARDINS D'ART on 2th and 3th September 2017.

Ordino Jardins d'Art aims to be an artistic event for professional or semi-professional, national and international artists organized by the Ordino Comú.

Ordino Jardins d'Art is intended to be a version of what has so far been the Ordino painting competition.

Its aim is to promote artists confirmed and publicize those in danger of professionalization. It aims to promote tourism in the area for a stroll through the gardens and important corners of the parish.

Ordino Jardins d'Art is designed with the intention that all disciplines (visual art) can be accommodated: painting, photography, drawing, sculpture, land art, installation, graffiti...
